

BB-8L

Wall Mount Back Box for TPMC-8L

The BB-8L back box provides a recess-mounted steel enclosure for the Isys i/O **TPMC-8L** wall mount touchpanel media center. Designed for pre-construction applications, the BB-8L permits fastening to the stud of a framed wall. An assortment of knockouts is provided to accommodate conduit fittings.

A blank cover plate is included for use prior to installation of the actual touchpanel.

SPECIFICATIONS

Construction

Vented metal box, front mounting plate with integral stud mounting flange, cover plate
