APPLICATIONS

Retail Outlets · Bars and Restaurants ·
Hotels · Cafés and Bistros · Kiosks ·
Corporate Meeting Rooms

DESCRIPTION

The SUBLIME is an ultra compact passive 6.5" dual coil subwoofer that offers the ultimate blend of size and performance. It provides powerful, high-impact bass response to augment any combination of Desono full-range loudspeakers.

The thinnest subwoofer on the market at only 120 mm (4.7") wide, SUBLIME can be installed in a variety of locations: mounted on a wall, behind curtains, or even under furniture. Audio connections are hidden when mounted on the wall using the included brackets.

The SUBLIME subwoofer has a built-in stereo crossover, eliminating the need for external filters. Optionally, you can use the SUBLIME subwoofer in an active speaker configuration, using an active filter and separate power amplifier.

The Desono SUBLIME's clean, clear bass response provides a compelling audio experience for shoppers in retail environments as well as bar, pub, and restaurant patrons.

Biamp strives to improve its products on a continual basis. Specifications are therefore subject to change without notice.

Data presented on this spec sheet represents the basic performance specifications for the model. For a detailed analysis of this loudspeaker's performance, please download the GLL file from our website: biamp.com
